

How to Acquire Snark Health Community Coin

1. **Set up a free wallet.** You can use any wallet that is compatible with Solana network. Phantom (<https://phantom.com>) and OKX (<https://www.okx.com>) have better UI/UX but any wallet that has access to Solana network will work. You can download their mobile app or use from a web browser. A full list of compatible wallet options can be found here (<https://solana.com/solana-wallets>).
2. **Purchase a stablecoin (USDC) or SOL.** If this is first time purchasing a digital asset, consider USDC as this pegged 1:1 to the US Dollar so no math needs to occur (i.e. \$100 is \$100 USDC). If you use USDC, you'll also need a very small amount of SOL for the transaction fee (0.0003 SOL) Be sure to purchase the USDC on the Solana network (not on Base on other networks). This asset will then be used to swap for Snark Health Community Coin. Note we are working on options where people can purchase Snark Health Community Coin direct from their debit or credit card to streamline the transaction.
3. **Swap USDC or SOL for Snark Health Community Coin.** From Phantom app, click on the "\$ Buy" icon top right. Scroll to USDC, enter dollar amount, then find "Pay with" at top of screen then click on the "credit & debit card" link then choose desired method (Apple Pay, Venmo, Paypal, debit card, etc.). Do the same to buy SOL (for the transaction fee 0.0003 SOL). Next from home page hit the "Swap" button. In the top field choose "USDC" and enter the desired amount (1 USDC=1 dollar). In the bottom field search for "Snark Health" or copy the Snark Health contract address into the search field (F241tyRL8a46MxCrpTYk32hN3pNm6UAdHB8fHddZpump) then scroll down to bottom "Swap Now" button (it will say "Unverified Tokens" which we are in the process of becoming verified). See screenshots below if visuals help.

About Community Coin:

Snark Health Community Coin is intended to function as an expression of support for, and engagement with, the ideals and beliefs embodied by Snark Health. The belief that patients should not go bankrupt or die prematurely because of lack of access to affordable care. The belief that the doctor-patient relationship should be the focus of all healthcare systems. The belief that physicians should be compensated for their sacrifices and their contribution to society. The Snark Health Community Coin is not intended to be, or to be the subject of, an investment opportunity, investment contract, or security of any type.

10% of the total supply has been distributed to the Snark Health Treasury for patients and doctors. Another 10% of the total supply has been distributed to the Community Fund. The remaining 80% of the total supply is available to the public. There are 1 billion coins total. This was a fair launch and no investors are involved.

Utility:

Accessing exclusive content and communities, access to decentralized apps, functioning as a medium of exchange for goods and services, and staking.
